Salt Lake County

NOTICE

A Notice of Intent for the following project submitted in accordance with §R307-401-1, Utah Administrative Code (UAC), has been received for consideration by the Executive Secretary, Utah Air Quality Board:

Company Name: Sun Products Corporation

Location: Sun Products Corporation: Detergent Manufacturing – 3540 W 1987 S, Salt Lake City, UT, Salt Lake County

Project Description: Sun Products Corporation operates a soap and detergent manufacturing plant in Salt Lake City. Sun Products Corporation is requesting to install two 2.08 MMBtu/hr (each) natural gas boilers and two 0.12 MMBtu/hr (each) natural gas heat transfer labelers to support increased production demand. Salt Lake County is a nonattainment area of the National Ambient Air Quality Standards (NAAQS) for PM₁₀, PM_{2.5}, and SO₂, and is a maintenance area for CO and Ozone. New Source Performance Standard (NSPS), National Emission Standards for Hazardous Air Pollutants (NESHAP), and Maximum Achievable Control Technology (MACT) regulations do not apply to this source. Title V of the 1990 Clean Air Act does not apply to this source. This source is classified as a synthetic minor source.

The emissions, in tons per year, will increase as follows: PM₁₀ +.06, PM_{2.5} + 0.06, NO_x +0.82, SO₂ +0.01, CO +0.69, VOC +0.05, and total HAPs +0.02

The changes in emissions will result in the following, in tons per year, potential to emit totals: PM₁₀ = 92.71, PM_{2.5} = 92.71, NO_x = 24.72, SO₂ = 0.15, CO = 9.34, VOC = 52.02, and total HAPs = 1.22

The completed engineering evaluation and air quality impact analysis showed that the proposed project meets the requirements of federal air quality regulations and the State air quality rules. The Executive Secretary intends to issue an Approval Order pending a 30-day public comment period. The project proposal, estimate of the effect on local air quality and draft Approval Order are available for public inspection and comment at the Utah Division of Air Quality, 195 North 1950 West, Salt Lake City, UT 84114-4820. Written comments received by the Division at this same address on or before June 21, 2010 will be considered in making the final decision on the approval/disapproval of the proposed project. Email comments will also be accepted at caharry@utah.gov. If anyone so requests to the Executive Secretary at the Division in writing within 15 days of publication of this notice, a hearing will be held in accordance with R307-401-7, UAC.

Date of Notice: May 22, 2010
